Welcome to Champlain Valley Orthopedics. It is our goal to provide expert surgical and non-surgical care for children and adults. Viewing you as a partner in your care, we will endeavor to provide the highest quality treatment in a professional, caring manner while addressing your injury or condition.

Enclosed you will find a registration form, medical history form, and consent form. We ask that you complete these forms and bring them with you to your appointment. **If you arrive for your appointment without your paperwork completed, we will have to reschedule your appointment.** A 24 hour notice is required if you cannot keep your appointment, otherwise you will be charged a \$50.00 fee. You can call us at 802-388-3194.

If you have had x-rays or any other diagnostic studies related to this ailment at any facility **other than Porter Hospital**, please be sure to bring them with you to your appointment. Please call the facility where your x-rays or tests were done at least 48 hours before your appointment, to allow adequate time for them to be prepared for you to pick up.

Please be sure to bring your insurance cards with you to ensure that we have the correct information for billing and pre-certification purposes. **If you have a managed care insurance, please be sure you have a referral from your primary care physician. All co-payments are due at the time of service.**

For patients who have no health insurance we do require **payment in full** at the time of your appointment.

If the patient is a minor, a parent or guardian must accompany them to provide permission to treat the child and/or do x-rays.
